

GRAND i10

Small gets bigger, bolder and smarter.

The all-new Grand i10

Introducing the all-new Grand i10, the city runabout everyone is talking about. Bold urban styling commands attention but inside, even nicer surprises await starting with longer, wider and roomier cabin. There's more space to stretch out and more storage room for all your stuff. Grand i10's Kappa engine is delightfully frugal to run and it comes in 1L and 1.2L sizes so you can choose what's best for you. Either way, you will get excellent fuel economy and plenty of oomph for quick takeoffs and passing on the highway. And to top it all off, we've made Grand i10 safer plus a lot smarter by introducing advanced connectivity options so that you can always stay in touch.

Street fighter.

On any street, in any town, Grand i10's distinctive design wins the style battle every time. Grand i10 projects confident, urban sophistication so it really stands out in the crowd of lookalikes. Beyond making you look smart and fashionable, Grand i10 is all about practicality: It's roomy, economical and loaded with convenience features to provide the perfect fit for any and all lifestyles whether you're single, a young couple or a young family.

So handsome.

There is a lot to love about Grand i10 and the romance starts with the very first glance. Sensual Sportiness is what we call this new look—it's modern, it's athletic and it's ready to take you anywhere in style. Every design element harmonizes with the other right down to the smallest detail.

Projection headlamps

14" Diamond-cut alloy wheels

Distinctive G-i10 logo

Wraparound rear combination lamps

The perfect fit.

Not too big and not too small—just the perfect size. Whatever the mission—a solo hop across town or a group excursion into the countryside—Grand i10 gets it done in style and comfort. The cabin offers plenty of space to stretch out and relax. And in the back, there's lots of room for all the good stuff you need to take along for the trip. Versatile and fun to drive, Grand i10 handles it all without hesitation or complaint.

Manual air conditioning system

Temperature adjustment could not be simpler than with this trio of dial-type knobs and easy-to-understand icons.

8" touchscreen

This GLS feature supports Apple CarPlay and Android Auto so you can enjoy full handsfree connectivity with all the advanced features of your smartphone (including voice command recognition). The high-resolution screen interfaces with the rear camera for safer, more confident reversing and parking.

Folding rear seat

Need more space in the 260tL trunk? Fold down the backrest in three simple steps and you have 1210L: problem solved.

Rear package tray

The removable rear package tray discretely conceals the luggage space while providing a useful storage shelf.

Just for the fun of it.

Hop into your new Grand i10, get it rolling and it has a way of really surprising you—it gets your adrenaline going and reawakens the joy of driving. Grand i10 delights and amazes at every turn. Its Kappa engine responds instantly to throttle input to deliver a satisfying surge of power while the steering is light and nimble. Road bumps are soaked up with ease for a comfortable, smooth ride.

City or highway, a pure delight.

Whether it's a quick hop downtown or cruising for hours along the expressway, the new Grand i10 puts in an agile and nimble performance. And you can count on the powertrain to deliver absolutely top notch efficiency, reliability and economy. Avoid the hassle of manual shifting, and let the 4-speed automatic transmission do all the hard work for you.

4-speed automatic transmission

For drivers who demand maximum convenience, Hyundai offers the optional 4-speed automatic: It's reliable, quiet and efficient.

Kappa 1.2 MPI Gasoline

This lightweight all-aluminium beauty delivers a higher top end and comes with dual overhead camshafts and a tuned intake port to minimize air noise intake while maximizing combustion efficiency.

Kappa 1.2 MPI Gasoline

83 Maximum Power
ps/6,000 rpm

11.6 Maximum Torque
kg-m/4,000 rpm

Always ready.

You just never know what kind of surprises are waiting around the next corner. But with Grand i10 you can be certain that it comes equipped with advanced safety engineering features that are designed to keep you as safe as possible and provide you with total peace of mind. Its ultra-rigid steel frame serves as the first line of defence augmented by dual airbags, ABS and layers of additional safety features.

Dual airbag system

These newest depowered-type airbags minimize the risk of injuries associated with airbag deployment.

Hillstart assist control

HAC maintains braking power after you have removed your foot from the pedal to prevent rollback and releases the brakes the moment your foot touches the accelerator pedal.

Rear Parking Assist System

Bumper sensors warn the driver of unseen rear obstacles while reversing, thus ensuring safer parking and minimizing the risk of damage or injury.

Rear view camera with guide lines

Reversing is safer with the rear view camera that now includes dynamic guide lines to help align the vehicle with the parking target space.

Anti-lock Brake System / Electronic Stability Control

By pulsing the brakes up to a dozen times per second, ABS prevents the wheels from locking up and skidding so you can retain full steering ability and directional control. ESC works with ABS using throttle and brake intervention to help prevent the loss of directional control.
